### THANK YOU !

For the Technical part: I really wish to thank friends wherever they are, who have given me important advice and support me during the implementation of this project. Then I wish to thank Matthew (at Native Instruments), Lynn (at Spitfire), Esteban (at Apple), Heinrich (at Steinberg) for software assistance and updates and implementation. Thanks to the Jamendo and SafeCreative Staff for the cordial answers to the numerous technical questions that arose during the release of "single-tracks" albums.

For the Human part: A huge 'thank you' to Ennio Generoso (best friend), Fabio Paggi (electric guitar), Fabio Del Sordo (achoustic guitar), Lorenzo Casati (Dolmen Studio), very spontaneous people who have given me valuable advices. A big thanks, even if a little saddened, to the Minachev, for allowing me to proudly dedicate "First Journey" to their little and unfortunate son Slava: "... we tried to make him stay, but after all, certain Angels, are not made to stay that long on Earth: they are made to stay, forever, in our Heart!" If you want to know His story click on His name: I only give you the link to the search engine, nothing else. Silence is right! Silence is better! Last, but not least, a very special, heartfelt thanks to my "Summit-little-brother" F. M. which for me is always an inspiring and hopeful point of reference. Latest, but not leastest, thank to You, God, for allowing me to see the beauty in the big, and above all in the small and invisible works of Your creation.
